

Fast, Safe, Reliable.
The world's #1 selling woolpress.

Aussie Xpress

Capable of pressing 90 bales of wool a day, the Aussie Xpress handles a 10 stand shed with ease. Unique automatic side pinning results in short square contamination free bales and the quiet powerful hydraulics ensure more wool into fewer bales.

Features

- Renowned reliability- the preferred woolpress of shearing contractors
- Fast pressing time
- Cycle time of 12 to 16 seconds in high yielding wool to 200kg
- Swift pack locking system- the fastest pack locking system design today
- Automatic side pinning ensures contamination free short square bales
- Low overall height- uninhibited movement around the shed
- Low transport height- will go through a personnel door upright
- Extra low box height- better filling height
- Single hydraulic cylinder- greater pressing power and increased seal life

NEW: Safety screen guard complete with automatic return and operational instruction sticker. Jockey wheel steering handle for smooth and easy movement around the shed.

Soft Start in 240 volt models.

Xpress Specifications

Operational Height	2740 mm
Transport Height	2140 mm
Box Height (for filling)	1185 mm
Length	1390 mm
Width	970 mm
Weight	500 kg
Pressure Relief	18,000 Kpa
Oil Capacity	32 Litres
Electric Model	2.2kw (3hp) 240 volt or 480volt, 3phase

Pump	Variable Displacement Piston Pump
Cylinder	88.9 Bore x 740 mm stroke

Complete with the latest digital scales- advanced reliable electronic weighing system

25 month structural warranty!
(12 months for contractors)
