**NEW BUSHRANGER SPARTAN DEMO MOWER IN STORE NOW!**  
 Bushrangers new Zero Turn mowers will leave you wishing you had more grass! With a powerful Kawasaki FX850V EFI commercial grade V-Twin Electronic Fuel Injected engine, heavy duty fabricated steel reinforced 7GS Xtreme Turf Flow Deck, GT-Trac for precision traction and much more quality features, the SRTXD61-E will leave you impressed!  
 Speak to us today to find out how to make one yours!

The E.SYBOX and E.SYBOXMINI3 are completely new solutions in rainwater harvesting and cold water boosting for residential and light commercial applications.

They are an all in one pump and control solution comprising water cooled booster pump with integrated high efficiency variable speed motor.

The water cooled motor and sound dampening casing creates the quietest booster pumps available today.

The variable speed pump allows large power savings and a histogram on the pump display shows how much power has been saved when compared to a fixed speed pump.

## Strip Grazing with Thunderbird!

Benefits of Strip Grazing are:

- Efficient use of pastures
- Higher producing pastures
- Higher Stock rates
- Limiting worm infestation
- Faster pasture regrowth and better seed set particularly for clovers
