The background of the central section is a soft-focus photograph of a rural landscape at sunset or sunrise. A tall, grey metal windmill stands on the left. In the distance, a small, dark wooden house is visible. The sky is a mix of orange, yellow, and pink. The foreground is filled with tall, dry grass.

CORDLESS FENCING STAPLER

**World's first 4mm
cordless fencing stapler**

- **Rapid Fire**
- **Miles Faster**
- **Lightweight**
- **Cordless Technology**

STOCKade® ST400i Cordless Stapler combines faster fencing with hose-free portability in a gas cartridge gun. The ST400i has outstanding power allowing you to fire up to 650 staples per fuel cell and in conjunction with the 3.7V Li-ion battery, you can fire 3000 barbed, divergent point staples per charge per battery. The ST400i kit also comes with 2 batteries so you will never run out of power.

- Impulse Technology - Portable, no need for compressors or air lines. High output design - drives up to 2 staples per second
- Ergonomic Design - Comfort for periods of high use. Hose free for work in remote situations
- Adjustable Depth of Drive - Greater flexibility for staple placement. Prevents wire damage and a superior finish
- Top Load Magazine - Fast and easy reloading. Rail protection bars
- V-Notch Guide & Sequential Trigger System - Correct staple placement for improved holding power. Improved operator safety

Ring Fasteners

RINGfast pneumatic fastener

The *RINGfast* pneumatic ring fastening tool quickly and consistently secures ring fasteners.

Faster than manual tools, reliable and relatively effortless, the pneumatic operation produces consistent rings fast, reducing manual effort and improving productivity.

The tool has been designed with an ergonomic grip and is balanced for comfortable operation. Made by Paslode and exclusively distributed by Whites Group.

- Quickly and consistently secures ring fasteners
- Reduces manual effort, improves productivity
- Ergonomic and comfortable to operate

TENSER SENSER® WIRE TENSIONING GAUGE

Code No. 12466

- Designed to indicate approximate wire tension when attached to a fence wire under strain
- Comes pre-assembled and calibrated – ready for immediate use
- Integrated gauge displays correct tensions for most Waratah wire products at a glance
- Use to correctly tension wire - over or under strained fence wire dramatically reduces fence life and adds significantly to ongoing maintenance costs

CHRISTIE POST DRIVER CHPD-78

This post driver has recently been developed by Christie Engineering and manufactured by us for the harsh Australian environment. The CHPD78 replaces the CHPD73 model.

It is extremely lightweight and portable while being powerful enough to drive a star or Y steel picket post into the hardest ground in a matter of seconds.

The CHPD78 also has the capacity to drive larger section posts including Waratah MaxY, Clipex BEEFY, 50X50 timber and pipe to 65NB (without any adapters).
