

450g GREASE CARTRIDGES

Hi-Tec SUPER MOLYTAC EP2

- **Hi-Tec SUPER MOLYTAC** is a superior multi-purpose molybdenum disulphide containing grease possessing excellent lubrication characteristics suitable for use in a wide range of antifriction and plain bearings, ball joints, CV joints, kingpins, and gears and couplings in automotive, marine, agricultural and industrial application.
- The “Moly” (carrying with it extreme pressure and anti-wear properties) and the tackiness additives together enable high performance Hi-Tec SUPER MOLYTAC to give extended service life under high loading and shock loading conditions from low temperature to very high temperature environments.
- The special characteristic of shear stability, combined with the inclusion of effective rust, oxidation and corrosion inhibitors, ensure Hi-Tec SUPER MOLYTAC is the preferred recommendation for extended life anti-friction bearings..
