SHEAR GEAR

Handy Piece Pro

The Portable shearer

perfect for crutching, clipping and shearing

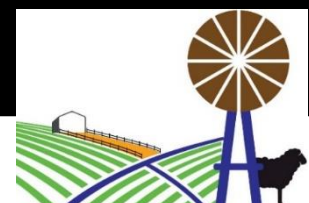

Efficient, reliable, and durable, portable sheep shearers

A world-first, the versatile Handypiece has a multitude of uses. Developed by a farmer, for farmers, Handypiece offers crutching and electric shearing equipment that's specifically designed to benefit the farmer 'out the back' - away from the sheds and away from the power.

Slim-line in design and comfortable to hold, Handypiece is lightweight, well-balanced, and conveniently-sized. Moulded from steel and aluminium, it makes no compromises on quality or useability. No generator? With a low current draw from the 12 volt 10.5Ah Lithium Polymer battery, you can crutch between 200 and 300 sheep on one charge, or shear up to 50 sheep, or with your extra battery up to 600 sheep.

KEY FEATURES

- **Away from Shed & Power**
- **12 Volt : 10.5Ah Battery**
