**PROTEIN SUPPLEMENT**

**Olsson's ALL SEASON**

- Olsson's All Season Plus Trace Element is a supplement designed for all pasture conditions and can be fed to all livestock.
- All Season Plus Trace Element contains high levels of minerals including copper, cobalt, iodine, zinc, and selenium.
- It also contains biochar for improved rumen function & boosted productivity.
- With a high molasses content this block is palatable, even on coastal areas.
- Ensure Olsson's High Sulphur 12% block is available to limit intake and promote a balanced supplementation program.
