PROTEIN SUPPLEMENT

Olsson's PEAK 50

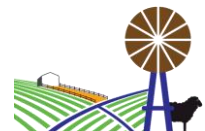

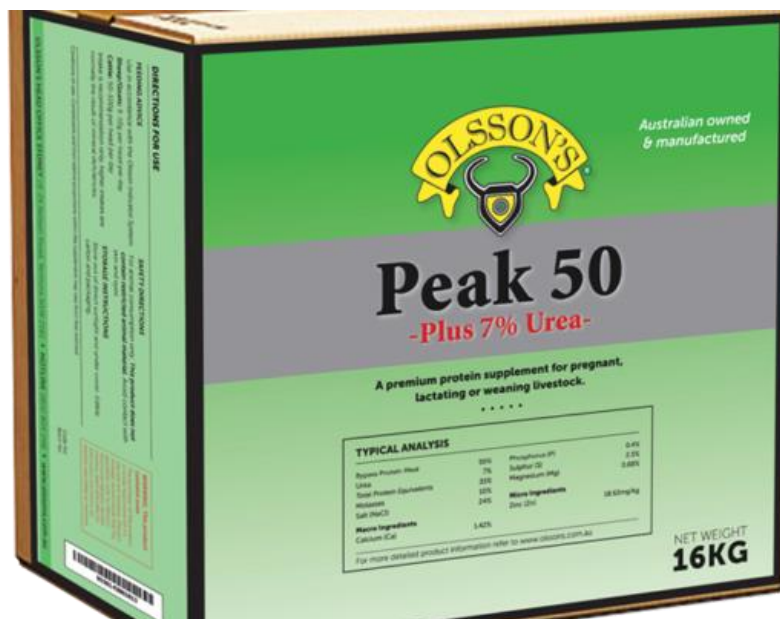

- A high by-pass protein supplement containing 50% protein meal, 7% Urea some essential trace minerals. Suitable for cattle and sheep when metabolic demand for protein and energy are at its highest.

Feeding Instructions

Sheep: 5-10g per head per day

Cattle: 50-100g per head per day

- Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.
- Place out sufficient blocks to avoid overcrowding of stock. Replace immediately when consumed
- Locate blocks away from watering points to avoid over consumption and to encourage stock to graze out, utilising the available paddock feed.
